Do you know the men, or even the names of the men who represent you and me in Congress? Only about one in every four Americans (26.3 per cent) know their Representatives and Senators in Congress and follow their votes on important issues. Trendex News Poll comes out with this startling statement. It seems that people living in rural areas know much more about what is going on in Congress than their brothers in the larger cities. People in smaller towns have it over the people in larger towns.

Here are the names of the Senators and Representatives of our immediate vicinity, and their districts

2nd. District.. Jackson, Lenawee, Monroe, and Washtenaw Counties...August Johanson..Rep. of Battle Creek.

3rd. District.. Branch, Calhoun, Eaton, Hillsdale, and Kalamazoo Counties...Clare Hoffman..Rep. of Allegan.

4th. District.. Allegan, Barry, Berrien, Cass, St. Joseph, and Van Buren Counties...Gerald Ford..Rep. of Grand Rapids.

Members of the House of Representatives.

Homer Arnett.....Kalamazoo, Michigan ..... 2nd. District  
Cyril Root..... Kalamazoo, Michigan..... 2nd. District

Major Aho stresses again to keep these letters in the mail to these people who have a 'say-so' when it comes to making laws, and these are the laws that we have to abide by. So again, may I suggest that when we write (again and again) we include in the letter, that when House Resolution Bill 3907 comes up for vote, an amendment be added to read: - - "When the Joint Committee on Outer Space meets, they release to the public, certain facts that have been kept secret about U.F.C.s. That they stop their nuclear testing of atomic bombs, for the protection of health and promotion of safety for the human race. If we KEEP these letters going, SILENCING will HAVE to come out on it. Already thousands of letters have been sent. Let us keep up the barrage.

Yours....  
H. M. BUCK

Be sure and obtain a copy of Flying Saucers from Other Worlds from your local newsstands. (Harrisons or City News) Kenneth Arnold's out of print book, "The Coming Of The Saucers" begins in this new issue. Here you will read the true story that Mr. Arnold found impossible to tell over the air on C.B.S. Armstrong Circle Theatre teleshow. He was scheduled to appear on the T.V. show, along with Donald Keyhoe, Menzel and others. Here you will also read the actual story behind the story about Keyhoe's fadeout on T.V.

RESEARCHERS ATTENTION!!!
